

## ULTRA HIGH PRESSURE SYSTEM

### Simple/Safe Operation

- Fixed setting of pressure and output
- Thin and lightweight hose
- Ergonomic fog gun
- Continuous water supply
- Refilling of water tank during is possible

### Field of applications

Most effective extinguishing

- First attack
- Car fire
- Forest/Brush fire
- Liquid Fire
- Aviation

### Ultra High Pressure System

- 10 GPM @ 1500 PSI
- Foam rates 0-6%
- Foam attachment for spray nozzle
- Precisely adapted nozzle design
- Adjustable pattern for spray nozzle
- Pressure gauge
- Electric rewind reel

### HONDA OHV V-Twin

- 18 hp
- 2 - Cylinder 4 stroke gasoline engine 37.5 Cu. in.
- 12.4 kW @ 3,600 rpm
- 12v Electric start (w/ manual rope)
- Automotive style oil filter
- 2.5 Gallon fuel tank
