

# DUAL - UHPS - V

## Dual Pump - Dual Purpose

This dual pump/dual purpose portable fire suppression system provides ample gpm whether you're using the high pressure side or the normal pressure side. Rosenbauer's Enhanced Ultra High Pressure System (UHPS) is partnered with a Waterous CP-D2.

## Field of applications

Most effective extinguishing

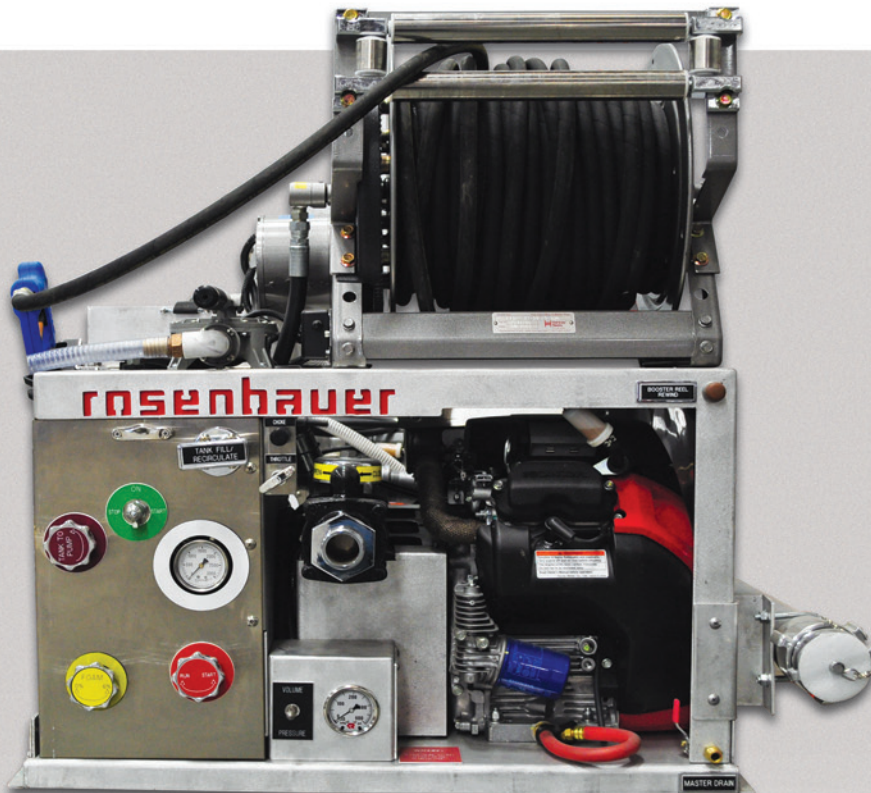

- First attack
- Car fire
- Forest/Brush fire
- Liquid Fire
- Aviation

## Ultra High Pressure System

- 10 GPM @ 1500 PSI
- Foam rates 0-6%
- Foam attachment for spray nozzle
- Precisely adapted nozzle design
- Adjustable pattern for spray nozzle
- Pressure gauge
- 200 ft. hose
- Electric rewind reel

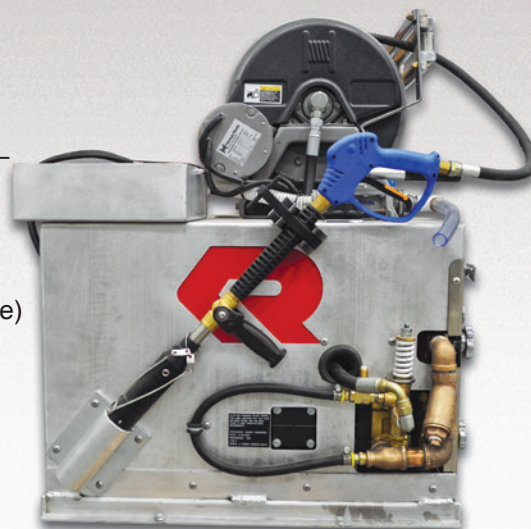

## Waterous CP-D2

- 225 GPM @ 40 PSI
- 100 GPM @ 140 PSI
- Hand primer
- Bronze replaceable wear rings to increase pump life and minimize maintenance costs
- 1 1/2" NST discharge
- 2 1/2" Inlet

## HONDA OHV V-Twin

- 18 hp
- 2 - Cylinder 4 stroke gasoline engine 37.5 Cu. in.
- 12.4 kW @ 3,600 rpm
- 12v Electric start (w/ manual rope)
- Automotive style oil filter
- 2.5 Gallon fuel tank

Weight 600#
