

PRODUCT AWARENESS BULLETIN

FROM ROSENBAUER

BULLETIN NUMBER: 1021

QUOTE WRITER NUMBER: RUNNING CHANGE

DATE: 5-9-11

THIS BULLETIN INCLUDES INFORMATION ABOUT A NEW OR EXISTING OPTION OR FEATURE THAT IS AVAILABLE FOR PRODUCTION.

DESCRIPTION: Running Change - Stock HM-500 Mechanical Seals

PLANT: Rosenbauer

SPECIFICATION: We will be changing our Stock HM-500 from adjustable packing to mechanical seals. There is no price difference between the two seals. Moving forward, if a dealer is to receive a stock pump, it will now come with a mechanical seal. If they do not want a mechanical seal, the dealer will need to contact their sales coordinator to make the change.

No cost to upgrade!

MECHANICAL SEAL

Made with a Silicon Carbide stationary seat, which is extremely hard and heat dissipative. Resisting wear and dry running damage better than traditional, Ni-resist and Tungsten Carbide materials.
