

PRODUCT AWARENESS BULLETIN

FROM ROSENBAUER

Bulletin No. 3006C
Quote Writer: 29-20-7600
Date: 01/22/07

THIS BULLETIN INCLUDES INFORMATION ABOUT A NEW OR EXISTING OPTION OR FEATURE THAT IS AVAILABLE FOR PRODUCTION.

DESCRIPTION: 3006C Power-Operated Hosebed Cover

PLANT: Central

SPECIFICATION: Aluminum hosebed covers shall be installed to cover the full length and width of the main hosebed. The covers shall be equipped with power operated actuators to open/close. Exterior electric switch to be installed at rear of apparatus.

Covers shall be fabricated of polished aluminum treadplate with cross-bracing for maximum strength, and to support the weight of a firefighter standing on the covers when closed. The covers shall be of the sloped design for proper water run-off. Each cover to be equipped with a full length stainless steel piano hinge and include heavy-duty stops for support when in the opened position.

Select QW 29-20-6800 for tandem axle application.
