DESCRIPTION: Electric Cord Reel - Mounting

PLANT: Rosenbauer - General Division only

SPECIFICATION: The electric cord reel shall be affixed to custom fabricated aluminum flanges and mounted to the integral equipment mounting track, which is of the inherent design of the body super structure and is incorporated into the circumference of the compartment so that a mount can be done on the ceiling, side walls and floor. The reel shall be secured to this shelving track with four bolts that shall not perforate the skin of the compartment. The combination of the reel and the integral shelving track shall permit for future adjustment and movement of the reel.
