

# PRODUCT AWARENESS BULLETIN

## FROM ROSENBAUER

BULLETIN NUMBER: 2005

QUOTE WRITER NUMBER: NONE

DATE: 3-7-08

THIS BULLETIN INCLUDES INFORMATION ABOUT A NEW OR EXISTING OPTION OR FEATURE THAT IS AVAILABLE FOR PRODUCTION.

DESCRIPTION: Manifold Running Change

PLANT: Rosenbauer

SPECIFICATION: This is a running change. At the Central Division in Lyons, we are changing our prebuilt stainless manifolds from square tube to round tube to improve flow and reduce noise. The first units are in process and our goal is to switch ALL production manifolds to round tube. This change is for those vehicles that are in the production phase, not those that are already in service.
